9. Terms and conditions

The official on site agent is exclusively entitled to carry out handling (offloading, reloading of standfittings or exhibition material, provision of lifting equipment or labour), customs clearance for temporary and definite importation and storage on the exhibition site.

All charges and expenses according to this tariff are due for payment as soon as the respective service has been fulfilled. An advancing fee of 3 % of the total invoice amount will be charged. This fee can be deducted in case of payment within 10 days after date of issue of the invoice. Besides, the official on site agent is entitled to claim an advance payment for all services ordered according to this tariff.

Our liability for damages of goods in our custody is limited to € 5.00 per kg gross weight. It starts with the physical takeover of the goods and ends when the (not unpacked) goods have been delivered to the exhibitor's booth even if the exhibitor or the authorized representatives are not present and the takeover cannot be documented. The liability is valid again after the exhibition when the (repacked) goods are collected at the stands for return transport – even if the shipping documents have been handed over before. For the period between delivery and collection, the exhibitor takes full responsibility for the exhibits.

All business is transacted only in accordance with our Standard Trading Conditions (ADSp). Copy is available upon request.

Claims of any kind can be raised only in writing to the office of the on site handling agent immediately upon receipt of the goods.

All charges will be calculated on the basis of 1 cbm = 333 kg.

This tariff does not include 19% VAT.

10. Miscellaneous

Customs clearance will be quoted upon request.

For shipments coming in by air- or seafreight, please kindly contact the person in charge mentioned below, for an individual quotation.

11. On-Site Specials

No direct deliveries to Albert Hall due to parking and unloading space restrictions. Deliveries only via our warehouse in Brussels.

Inside delivery only by pallet-truck due to elevator dimensions 230x88x195cms and maximum capacity of 1500,- kgs.
